LIFE CIRCLE NUTRITION AG IS MEMBER OF TRINOVA GROUP:

Since 1992, **Trinova Group**, based in Wangen SZ, Switzerland, has been active in the feed and food industry.

Its subsidiary **Life Circle Nutrition AG** has developed new concepts for healthier and more sustainable animal production. Thanks to our vast technical and market experience in all animal species, we have established a portfolio of products with unique mixtures of pure herbs and plants to reduce the use of pharmaceutical products.

Several trials under different conditions in ruminants, monogastrics, minor species, pets, and in aquaculture have shown the positive effects of **Herb-All™** products!
